It's Never Too Early to Build a Future

At The Cuenca Foundation, we believe in being prepared. This year, we are launching our School Supply Drive now to ensure every one of our young beneficiaries walks into their classroom with the confidence and tools they need to succeed.

The reality is that for the families we serve, the cost of required school supplies is a significant barrier. Our goal is to raise \$4,500 by July 20, with \$30 covering the full list of supplies for one child. By starting now, we are guaranteeing that when the first bell rings, every child has what they need to succeed.

You can help us write their future today:

- Donate via PayPal: info@cuencafoundation.org (Note: "SCHOOL SUPPLIES")
- Donate online: cuencafoundation.org
- Share this mission: Forward this email to a friend and help us reach our \$5,500 goal!

HeartStrings & Happiness

A Morning of Community

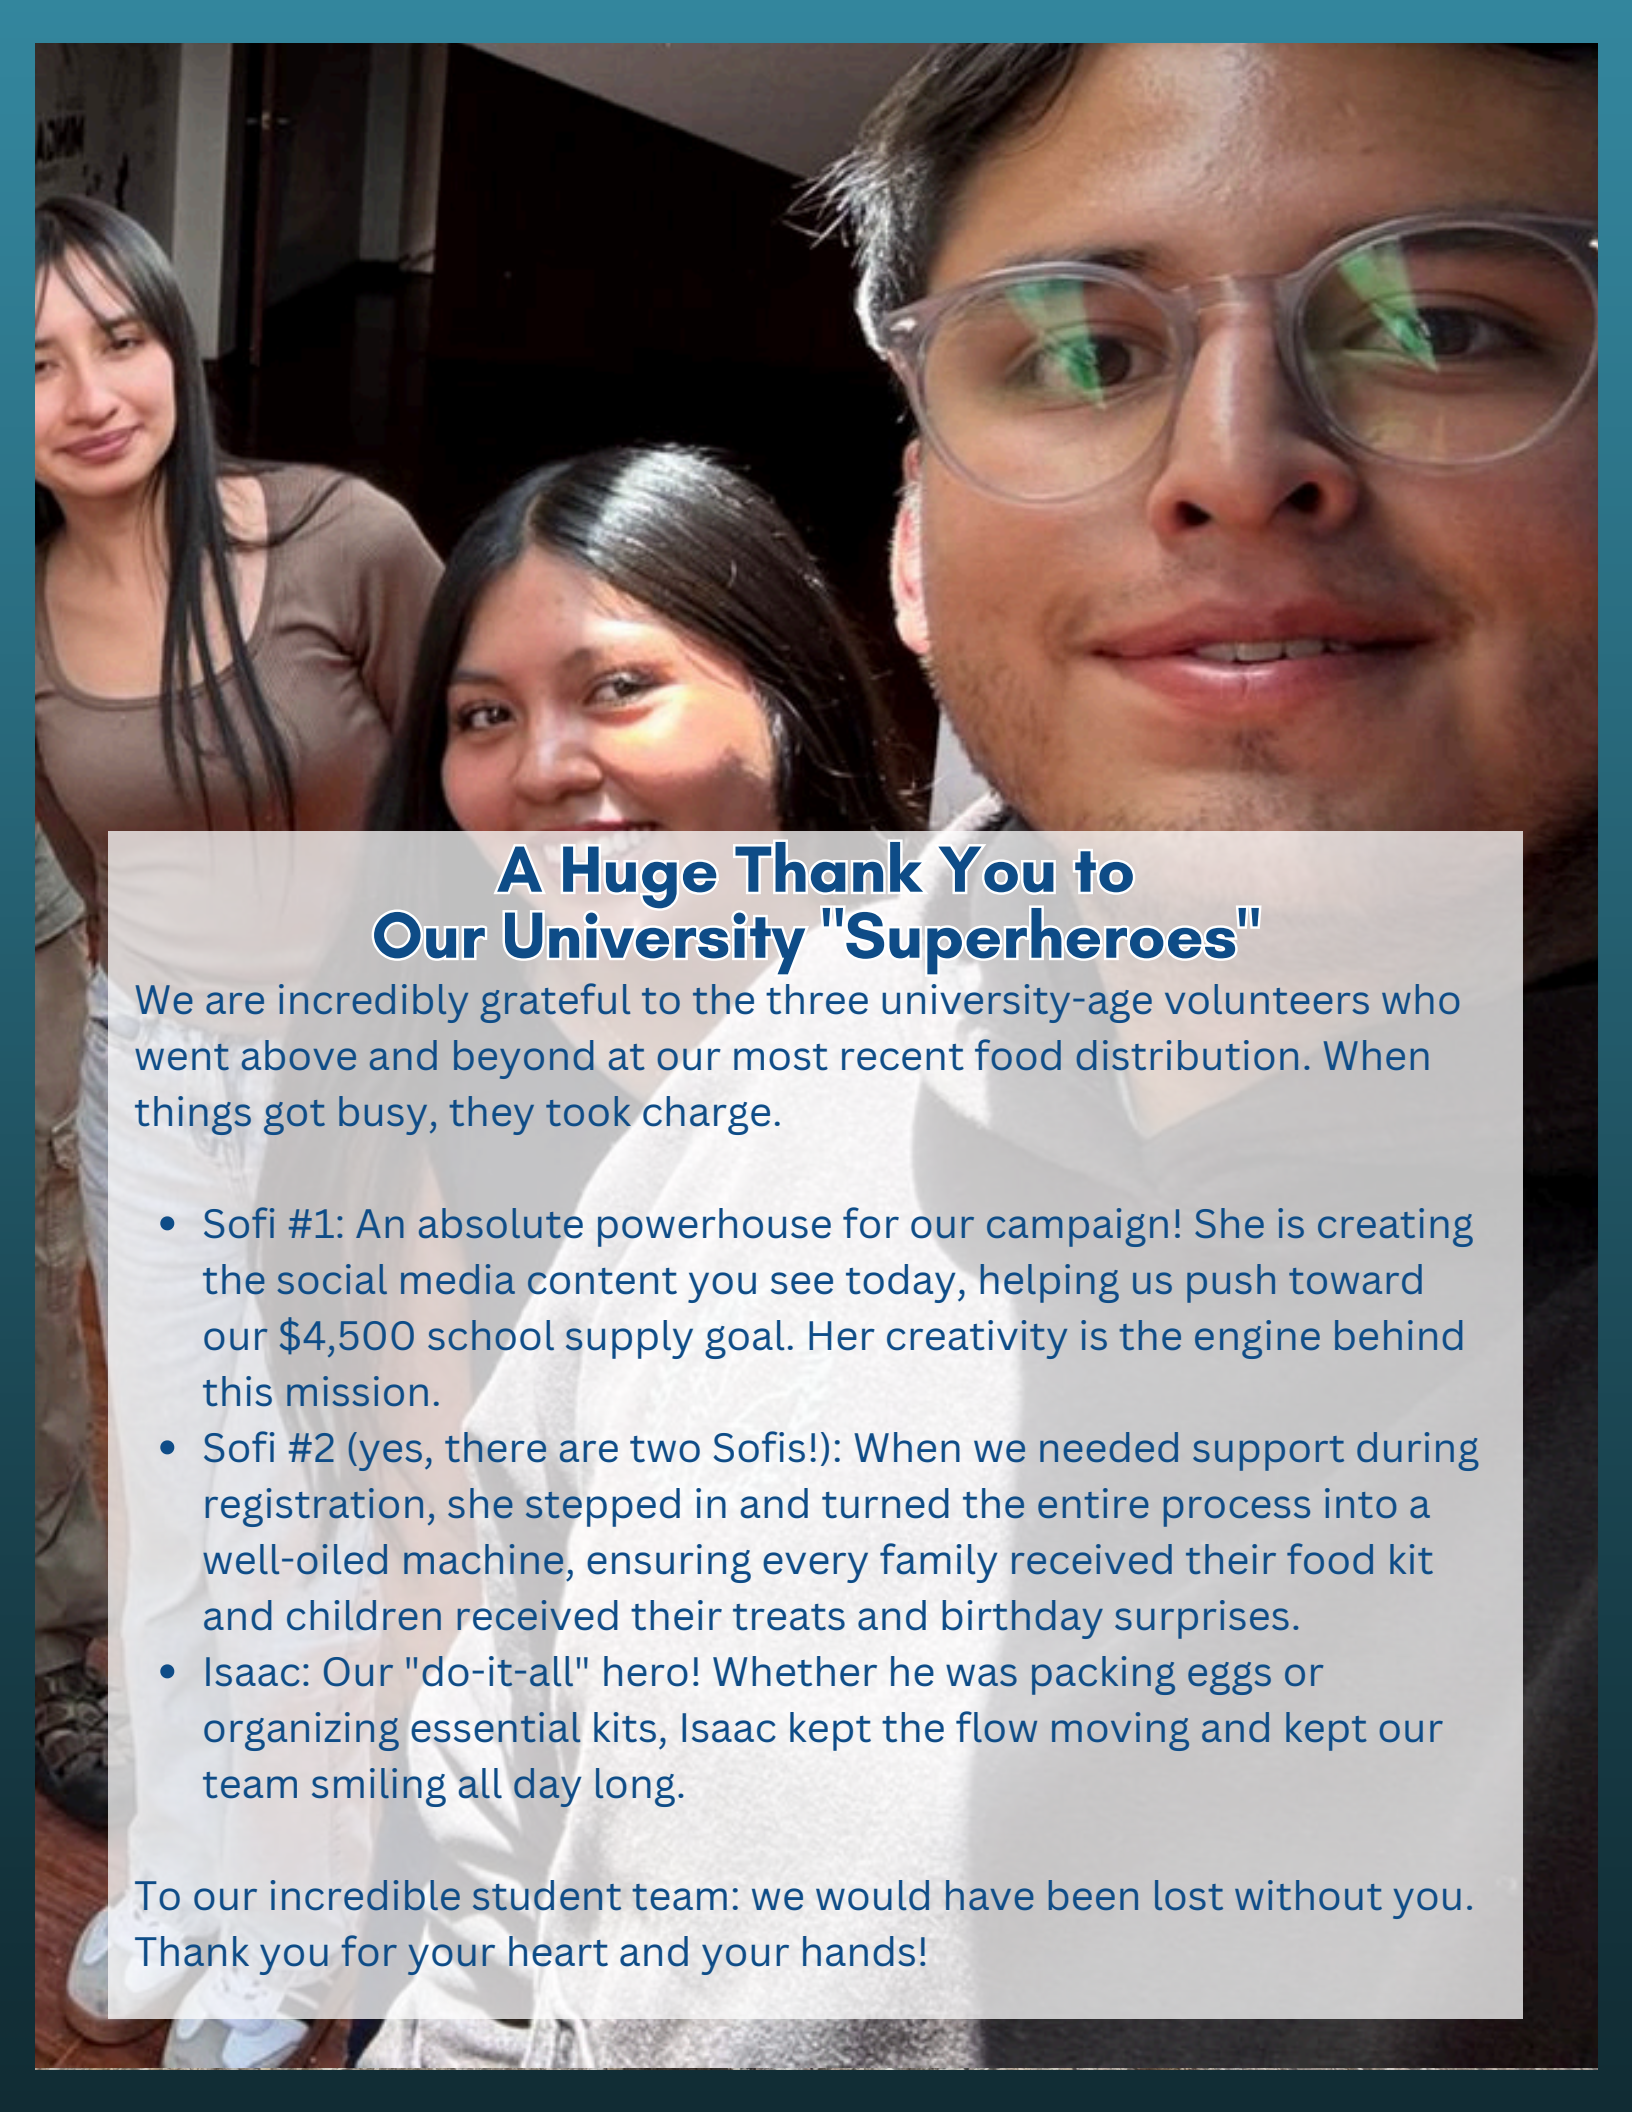

It was a beautiful morning as the HeartStrings knitting group, a TCF initiative, visited us to share their incredible work. The group generously provided hundreds of handmade hats and scarves to keep our beneficiaries warm and cozy.

The visit also included a distribution of wonderful toys, donated by Terri Drake. Seeing the smiles on the children's faces as they received their new gifts was a reminder of how impactful these connections can be.

A sincere thank you to HeartStrings and Terri for your dedication to bringing comfort and happiness to our families.

HeartStrings meets at noon every Monday, excluding holidays, at La Yunta Restaurant. Please feel free to join them. They will even teach you how to knit!

A close-up photograph of three young adults, two women and one man, smiling at the camera. The man on the right is wearing glasses and has a slight stubble. The woman in the center is looking directly at the camera. The woman on the left is slightly behind and to the side. They are all wearing casual clothing. The background is dark and out of focus.

A Huge Thank You to Our University "Superheroes"

We are incredibly grateful to the three university-age volunteers who went above and beyond at our most recent food distribution. When things got busy, they took charge.

- Sofi #1: An absolute powerhouse for our campaign! She is creating the social media content you see today, helping us push toward our \$4,500 school supply goal. Her creativity is the engine behind this mission.
- Sofi #2 (yes, there are two Sofis!): When we needed support during registration, she stepped in and turned the entire process into a well-oiled machine, ensuring every family received their food kit and children received their treats and birthday surprises.
- Isaac: Our "do-it-all" hero! Whether he was packing eggs or organizing essential kits, Isaac kept the flow moving and kept our team smiling all day long.

To our incredible student team: we would have been lost without you. Thank you for your heart and your hands!
